

SYEDA AKASHA NAVEED

Software Engineering Student | Interested in AI & Software Development

Details

Phone: +923254343315

Skills

- Object-Oriented Programming
- Data Structures
- Database — MySQL
- Python (basic)

Languages

Urdu

English

Summary

I am a Software Engineering student with an interest in programming, software development, and Artificial Intelligence. I am currently building my skills in Python, C++, and MySQL through academic learning and practice. My goal is to strengthen my foundation and grow into software engineering and AI-related roles.

Education

2023 — 2027

BS in Software Engineering

University of Management and Technology, Johar Town, Lahore

Hobbies and Interests

- Problem solving
- Programming and learning new technologies
- Reading (tech-related content)
- Artificial Intelligence

Relevant Coursework

- Object-Oriented Programming

- Data Structures & Algorithms
- Database Systems
- Software Engineering
- Software Quality Engineering
- Natural Language Processing
- Data Science
- Data Mining
- Artificial Intelligence

Technical Projects

- Academic programming projects using C++ and OOP concepts.
- Police Information System (GitHub: <https://github.com/Akasha-123/Police-Information-System>)
- Student Management System using Python (GitHub: <https://github.com/Akasha-123/Student-ManagementSystem>)
- Binary Search Tree (BST) implementation in C++ with insertion, deletion, traversal (GitHub: <https://github.com/Akasha-123/-Word-ManagementSystem-BST->)
